

## Testimonials from EODS production of RENT:

Hello,

Just like to say that I came to see Rent last night and wish to congratulate everyone - what a fantastic show!

This was the first time that I had seen Rent on stage, having watched the film and of course knowing the familiar songs from the show.

I would love to be able to come to see it again although unfortunately I do not have time before you finish on Saturday.

I have however, made your web site one of my favourites and now look forward to next years shows!

With kind regards and best wishes to all.

Karen

---

Dear EODS

Having just completed the pit drumming for both your Buggy and Rent shows I feel I should thank you and congratulate you on both great performances; especially the latter, Rent.

The entire band thought it was the best work they had done all year and would have loved to have played it for a great deal longer. I thoroughly enjoyed supporting the on stage talent from the depths of the theatre, as spooky as it was down there.

Gareth, Ashley and the rest were outstanding. I hope to receive my DVD from Damon soon and shall put various clips up on my website.

Regards,

Matt Hobson
